OFFICIAL LANGUAGES OF THE MEETING

English and Italian will be official languages of the Congress. Simultaneous translation will be available during the morning sessions in Auditorium only.

E-POSTERS AREA

The E-Poster Area is located at level +2. Touch screens are available to consult the E-posters, that are also available in the Congress APP.

CASES CORNER (silent disco experience) – NEW!!!

Enjoy the presentation of some selected cases in the Cases Corner located at Level +2. The Cases corner sessions are scheduled for Wednesday 4 October and Thursday 5 October from 15:00 to 18:00 pm. Please check the program at page 48-50 and 64-67 for the sessions' details.

Dive into the silent disco experience, a solution that utilises a wireless headphone system to deliver the speaker's presentation to its audience. The Cases Corner is open to a maximum of 24 participants.

ABSTRACT BOOK

All the accepted abstracts for oral presentations and E-posters will be published online as supplement of the Giornale Italiano di Cardiologia.

Abstracts of Clinical cases sessions and Nurses & Technicians E-posters will not be included.

GENERAL INFORMATION

SLIDE CENTER PREVIEW

The Slide Center is located at Level +2 and it is open according to the Organizing Secretariat schedule.

HANDS-ON VILLAGE

The Hands-on Village is located at level +2. Check the program at page 97.

Tutors: **Tullio Palmerini** (*Bologna*), **Roberto Nerla** (*Cotignola*), **Gioel Gabrio Secco** (*Alessandria*), **Diego Maffeo** (*Brescia*), **Tommaso Piva** (*Ancona*), **Elisa Nicolini** (*Ancona*), **Damiano Regazzoli** (*Rozzano*), **Nedy Brambilla** (*Milano*)

Scientific Topics: Training pathway focusing on the 3 most important TAVI procedural steps along the patient journey, from planning to post-procedural lifetime management.

Activity Description: TAVI planning: learn how to precisely size the device from the analysis of the patient CT scan and how to plan the procedure even in complex anatomies, to anticipate and prevent potential complications.

TAVI procedure: learn how to best implant of a self-expandable valve using the cusp overlap technique to achieve optimized clinical outcomes, in standard and advanced clinical scenarios, like valve-in-valve or bicuspid aortic valves.

Post-procedure: learn the steps and the tips & tricks to easily re-access the coronaries after TAVI

The Meet the Expert activity will include a theoretical interactive session to introduce the following practical workshops on CT analysis, TAVI implantation and coronary re-access simulator. Each theoretical session (30 minutes) will host up to 12 trainees, while each practical session (30 minutes) will accommodate up to 3 trainees.

IL NOSTRO IMPEGNO VA OLTRE
LA CERTIFICAZIONE B CORP

Puntiamo a diventare Net Zero entro il 2035

In Chiesi crediamo nell'importanza di un consumo e una produzione responsabili. Ecco perché ci siamo impegnati con coraggio a raggiungere Net Zero entro il 2035, superando di gran lunga l'obiettivo dell'accordo di Parigi.

Bilanciando le nostre emissioni e la rimozione del carbonio, stiamo lavorando per un futuro sostenibile per le generazioni a venire.
